

# Unchained Melody

**1. Vers:** Oh, My love - My darling  
I've hunger for your touch - a long lonely time  
And time goes by - so slowly  
And time can do so much  
Are you still mine?  
And I need your love  
I need your love - God  
Speed your love to me

**Bridge** *Lonely rivers flows - to the sea, to the sea*  
**1:** *to these open arms of the sea*  
*Lonely river sign - Wait for me - wait for me*  
*Oh, I'll be coming home - Wait for me*

**2. Vers:** Oh, My love - My darling  
I've hunger, hunger for your touch - a long lonely time  
And time goes by - so slowly  
And time can do so much  
Are you still mine?  
And I need your love  
I need your love - God  
Speed your love to me

**Bridge** *Lonely mountain gais at the stars - at the stars*  
**2:** *Waiting for the dorm of the day*  
*All alone I gaies at the stars - at the stars*  
*Dreaming of my love - fare away*

**3. Vers:** Oh, My love - My darling  
I've hunger, hunger for your touch - a long lonely time  
And time goes by - so slowly  
And time can do so much  
Are you still mine?  
And I need I need your love  
I need your love - God  
Speed your love - to me - To me
